FYI and for budgeting purposes

2018 FEES and Donations remain unchanged.

All fees (except Technology Fee and sports fees) may be paid in one sum in February, or term by term. Technology Fee is to be paid in Term 1. Sports fees to be paid as soon as your child is in a team.

An Auto Payment may also be set up. Please set up amounts in multiples of \$10 as this is easier for the office to distribute between the different ledgers when inputting. See the office for bank details. Thanks.

The school is aware that families may face financial difficulties from time to time and should this be the cause of you not being able to pay fees, it would be appreciated if you would contact the Principal in order to make special arrangements which could include setting up an automatic payment.

We will always find a way to help you
